

Sharada Secondary School Building Construction Project

Project Location: Chainpur Municipality 10, Kharang, Sankhuwasabha District.

Project Period: February 13, 2023 to November 16, 2023

Total Construction Cost: NPR 5,856,086.00

Project Handed over: November 25, 2023

Sharada Secondary School is located in Kharang Bazaar of Chainpur Municipality, Sankhuwasabha. About 700 students study in the school from pre-school to grade 12. Compared to the students' number, the school had insufficient classrooms.

In response to the school's proposal and recommendation from Chainpur Municipality, with the financial support from Another Brick in Nepal (ABIN) SODEC supported the school to add one storey with 4 classrooms in the then single storey building. The finishing works were also left in the then existing 4 rooms single storey structure. In addition to adding one more storey, the project completed the finishing (plaster, electrification, painting, doors and windows, etc) for the entire building.

Representatives from ABIN, Robert Tournour, Craig Fulton and Cathi Tournour, made a monitoring visit of the School in October 2023.

Some Photographs of the School

Donor representatives and SODEC members at the school during the monitoring visit in October, 2023.
